Senators Kill Many Bills In Hardworking Session

ANTI-TRADING STAMP ACT TABLED

FIFTY-EIGHTH DAY.

President Isenberg returned to pre-side over the Senate this morning and great was the joy thereat. Inspired by his genial presence the Senate went at its work hammer and tongs, bills were passed or killed with alacrity, the Senators worked grimly and with determination, the result being that more work was done than has ever been done in any two previous hours of this session. Among the bills which met their Waterloo today was the anti-trading stamp bill, which fell by a vote of 9 to 5 and passed to its grave unremembered and without much effort being made to save it. The bill making it compulsory for Rapid Transit cars to carry speed indicators was also tabled, while the forest fire protection bill came very near sharing a similar fate. Although the order for the day was a formidable one it was almost disposed of when at noon a recess was taken. At the afternoon session House Bill 222, the liquor bill, will be taken up for third reading.

The House notified the Senate that it had failed to concur in its amendments of House Bill 155. The following conference committee was appointed: Hayselden, Lane and Kalua. It also failed to concur in the amendments of House Bill 185. The same conference committee was appointed on this bill.

House Bill 157, relating to the adoption of children, House Bill 204, providing for the payment of certain Government employees semi-monthly and House Bill 189, relating to foreign corporations, all passed first reading by title.

The Chinese Y. M. C. A. asked that a law be enacted to exempt it from taxation. It pays now about \$100 taxes a year. Its progress has been hampered by a lack of funds during the last two years. Referred to the Ways and Means Committee.

Senate Bill 106, repealing section 2685 of the Revised Statutes, regarding regulations of public markets, passed third reading unanimously.

Vaccination Bill Killed. On motion by Achi all House Bills in the order of the day for second reading House Bill 4, relating to vaccination, was taken up. Dickey moved to table the bill as nearly all the laws which the bill sought to repeal had already been repealed and were not included in the Revised Laws.

The motion to table carried by a vote of 8 to 2.

Dickey moved to reconsider the ac-

tion taken in House Bill 201, which passed third reading Saturday, the bill appropriating the fees for jurors. The motion carried. Dickey moved to make a technical change in the item relating to Kaula jurors' fees, which change was necessary to enable the jurors to draw their pay. On motion by Achi the matter was referred to the Revision Committee.

House Bill 47, relating to admittance of attorneys to practice, came up for second reading. On motion by Bishop it was referred to the Judiciary Committee.

Dickey returned from a visit to the Auditor and reported for the Revision Committee on House Bill 201, that the bill was alright as amended and moved that it pass. The bill passed third reading unanimously.

House Bill 149, repealing the law relating to licenses to hunt with fire-arms in Oahu, passed third reading.

RESTORER IS HERE

AS STATION SHIP FOR PACIFIC CABLE

The station cableship Restorer arrived off port today and will henceforth make Honolulu its headquarters for the care of the Pacific commercial cable.

The cableship brings one very Midway, she having sailed from Singapore some months ago and made her way slowly, stopping at the cable stations along the route. The cableship will bring one very unwilling passenger to this port in the person of Mr. Morrison, assistant superintendent of the Midway cable station. Mr. Morrison went on board the Restorer while the steamer was off the island. During his stay aboard the wind stirred up such a sea that he was unable to get back. The steamer waited for a day or more and it was finally decided to continue on the journey taking Mr. Morrison along.

Rep. Solomon Mahelona this afternoon stated that he was not out for any county office, reports to the contrary notwithstanding.

Pinkham Too Valuable To Loose Says Majority Report

ACHI ALONE REPORT AGAINST HIM

At the Senate session this afternoon the following majority report relating to the Pinkham investigations was submitted:

We do not concur: The infractions of the rules of the Board of Health during the late visit of the Legislature were, according to the evidence reach almost entirely, by members of the Legislature and two drunken men, and largely while the president of the Board and the Superintendent were engaged in listening to the complaints of the lepers at the meeting.

While we feel that Mr. Pinkham made a mistake in judgment in allowing permits to more people than could be properly restrained with the force of the settlement, but we think that his judgment was affected largely by his intense sympathy for the lepers who objected strenuously to having to visit their friends through the barricades surrounding the corral. The mistake is not likely to occur again and Mr. Pinkham is too valuable a man in that position to lose.

(Signed) C. H. DICKEY, S. W. WILCOX, PALMER P. WOODS.

Achi submitted a minority report, signed by himself only, as follows: Your committee to whom Senate Resolution No. 47 was referred, respectfully report:

The object of the resolution is to advise the Governor to remove the present incumbent of the office of, and as President of the Board of Health, for the following reasons:

1st. Section 1131 of the Revised Laws of Hawaii clearly and distinctly sets forth who, and under what conditions persons may visit places set apart for the segregation of leprosy or those presumed to be afflicted with leprosy, and under these conditions one L. E. Pinkham, President of the Board of Health acting as such executive officer of the Board of Health, did issue permits to a considerable number of persons to the corral only.

2nd. The permits of the President must be considered as absolute; but on the arrival of the passengers at Kalaupapa, it was found:

A-That they were received and assisted to land by lepers;

B-That there was not any corral properly speaking for them to go to;

C-That L. E. Pinkham acting in his capacity as President of the Board of Health had not in any way provided for the carrying out of the intent of Section 1131 of the Revised Laws of Hawaii.

3rd. The aforesaid L. E. Pinkham, the known President of the Board of Health was at that time, the 19th day of March, 1905, present at Kalaupapa, but he failed to carry but the conditions of Permits granted by him.

PALOLO OPENED FOR SETTLEMENT

Small farmers in embryo crowded the entrance of the Judiciary Building this morning in order to get at the Palolo lands which Land Commissioner Pratt this morning opened for settlement on the purchase lease plan. Clem Quinn, Judge Robinson's bailiff and two or three others were the first to stand in line, arriving at the land office door at 3 o'clock yesterday afternoon. Later on others followed, but the great rush for the small farms failed to materialize in the sense that any prospective purchaser got left behind. While the lands were easily disposed of, there was enough for all and some left over. Out of the twenty lots opened eighteen were taken. The takers were required to pay down 8 per cent. of the purchase price.

The lands were disposed of as follows:

Lot 1, 16.3 acres, valued at \$122.25, was not taken.

Lot 2, 19.5 acres, valued at \$146.25, J. J. Kong.

Lot 3, 15.9 acres, at \$150, Chas. K. Onoi.

Lot 4, 13.6 acres, at \$122.50, Keali Kuanina.

Lot 5, 15.0 acres, at \$165, Geo. K. Kihama.

Lot 6, 17.9 acres, at \$220, C. L. Rhodes.

Lot 7, 21.3 acres, at \$250, Thomas Dunne.

Lot 8, 21.4 acres, at \$215, Miss A. R. Coates.

Lot 9, 20.9 acres, at \$210, E. E. Miller.

Lot 10, 26.5 acres, at \$245, W. W. Carls.

Lot 11, 31.3 acres, at \$730, Fred. H. Kilbey.

Lot 12, 29.4 acres, at \$297, not taken.

Lot 13, 20.2 acres, at \$252.50, Joseph Fritsche.

Lot 14, 15.0 acres, at \$195, T. J. Quinn.

Lot 15, 4.75 acres, at \$237.50, C. D. Pringle.

Lot 16, 2.17 acres, at \$217, Clem K. Quinn.

Lot 17, 16.5 acres, at \$139.50, A. P. Palekalani.

Lot 18, 27.6 acres, at \$207, Isaac Noor.

Lot 19, 18.1 acres, at \$90.50, Frank L. Webster.

Lot 20, 11.6 acres, at \$58, Niau Iaukea.

The lands taken are at the Puukela and Waiman divisions on the Waikiki side of Palolo valley, about two miles from the car line.

The most stylish hats ever turned out in Honolulu are being shown by Mrs. Hodson in Kerr's Millinery Department.

We believe it is one of the solemn duties of the Senate to advise the Governor to remove an officer who is incompetent and especially a head of a principal Department, which department has absolute powers in many cases, where the life and property of the public are in many ways under its control.

A copy of the evidence produced, the statement of L. E. Pinkham and several letters filed during the course of examination, are hereby filed with the Clerk of the Senate.

We therefore recommend that the resolution pass.

Respectfully submitted, (Signed) W. C. ACHI, Chairman.

MAGOON DISBARMENT MATTER CONTINUED

The Magoon disbarment matter came up before the Supreme Court this forenoon but was continued on account of the illness of Judge Robinson who sits in the case in place of one of the disqualified Justices. After the case had been called Chief Justice Frear announced that Judge Robinson had stated that he might be able to sit Thursday.

Deputy Attorney General Ballou said that he would as well have the case continued until Monday.

J. Lightfoot, for Magoon, said the matter might as well be continued until May 15, as asked for in the motion for continuance.

The Court set the case for Monday at 9:30 a. m.
